

species = 206
HYBRID = 212

Paph Class

species = 207
HYBRID = 213

Pouch thin (with pleats)
Small Dorsal, Petals wide

Inflorescence very short
Pouch thick, egg-shaped. Flowers single.
Petals wide, leaves mottled.

species = 208
HYBRID = 214

Sepals striped. Flowers single.
Leaves mottled. Small synsepal.

species = 209
HYBRID = 215

Petals narrow and leaves plain
Sepals not distinctly striped.
Flowers single. Large synsepal.
Inflorescence intermediate length.

Paph Class

No species
HYBRID = 216

BULLDOGS

Petals WIDE and leaves plain
Sepals not distinctly striped.
Flowers single. Large synsepal.
Inflorescence intermediate length.

Petals short, horizontal, corkscrew-shaped
Flowers sequential.

species = 210
HYBRID = 217

species = 211
HYBRID = 218

Flowers multi-floral

Sepals usually striped.
Petals usually long and downswept.

HYBRID = 219

[Hybrids between Subgenera]

Does not fit in other classes.
