All Exhibitors are asked to register. Even though most orchids will be displayed in classes on tabletops, we will be using SWROGA entry tags and SWROGA's tabletop show schedule, so tables are available for complete tabletop exhibits if someone wants to build one. There is a separate registration form for this. Also, **we are adding trophy classes** for most plants entered by one person, plants entered in most classes by one person, most plants entered by a society, plants entered in most classes by a society, & most plants entered by a novice (someone who has never before entered plants in an orchid show.)
